

SÉBASTIEN LUCAS

IT STUDENT

sebastien.lucas974@gmail.com

+33 7 86 80 75 70

Third-year tech student specializing in DevOps and back-end development, seeking a 4-6-month internship in Lyon, starting from April 2025. With solid experience in Azure, Terraform, Kubernetes, and Jenkins, I am also passionate about Rust programming and creating efficient, high-performance systems. Motivated and eager to learn, I'm ready to contribute to innovative projects either in DevOps or back-end development using Rust.
